## **DETAILED ACTION**

### ***Drawings***

1. New formal drawings are required, because the drawings filed in this application are informal.

### ***Allowable Subject Matter***

2. Claims 1-30 are allowed.

### ***Reasons for Allowance***

3. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or suggest individually or in combination the following:

determining a first duration to a next expected event in the computing device, comparing the first duration to a minimum duration, and if the first duration is greater than or equal to the minimum duration, then entering a processor sleep state for a sleep duration, and entering a processor running state upon expiry of the sleep duration and before the next expected event.

For these reasons claims *1 and 17* are deemed to be allowable over the prior art of record, and claims *2-16 and 18-30* are allowable by dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
